MEMORANDUM FOR: Acting Legislative Counsel

ATTENTION : [REDACTED]

SUBJECT : Visit of [REDACTED] to the DD/S&T

1. As arranged by your office, [REDACTED] visited for over an hour with Zeke Zellmer and I discussing S&T processing and production functions. We covered [REDACTED] NPIC and [REDACTED] OSO. He was particularly interested in the evaluation of performance and sources of requirements.

2. We showed him examples of the product of all three organizations mentioned above and discussed dissemination of this product and the primary users thereof. [REDACTED] is an ex-DIA analyst who is generally well informed both on [REDACTED] and NPIC, but had not had any prior working contact with [REDACTED]

3. As you know, Congressman Rose and [REDACTED] plan to visit NPIC sometime in the relatively near future. A number of questions that arose during the course of our discussions Wednesday may well come up again during that visit. I have written John Hicks a note on the most likely of these (see attached). [REDACTED] also expressed some interest in talking in more detail about [REDACTED]. I suggested he come back another time and talk with the appropriate OSO personnel.

[REDACTED]
LESLIE C. DIRKS
Deputy Director
for

Science and Technology
